**STONEMARK'S BART MENDEL SPECIALIZES IN STREAMING THE CONSTRUCTION PROCESS AND KEEPING COSTS DOWN**

As a practicing Buddhist, Stonemark president Bart Mendel believes that his 35 years experience both as a Buddhist teacher and construction professional considerably improves the construction process. He has managed a variety of 5,000 to 20,000+ square foot Mediterranean estates and contemporary homes over the years, and has helped his clients save time, cost—and most important—unnecessary stress.
